

Steel Tempered Glass Housing Material Unique Parking Equipment With Voice System and 10000pcs Offline Storage Capacity

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: SEWO
- Certification: CE ISO9001
- Model Number: SEWO-X6
- Minimum Order Quantity: 1 lane
- Price: Negotiable
- Packaging Details: wooden box
- Delivery Time: 5-7 working days
- Payment Terms: T/T, Western Union, MoneyGram, L/C, D/A, D/P
- Supply Ability: 2000 sets per month

Product Specification

- Product Name: Automated Ticket Car Parking Equipment
- Communication: Base RS485. Rear TCP/IP
- Dimension: 455*300*1360mm
- Housing Material: Steel & Tempered Glass
- Housing Color: Black
- Support Built-in Reader: IC/ID /Ticket
- Communication Transmission Distance: 1200m(RS485)
- Data Transmission Speed: 4800bps/100m
- Offline Storage Capacity: 10000pcs(Extendible)
- Blacklist Capacity: 1000pcs(Extendible)
- Card Capacity: 1000pcs(Extendible)
- Highlight: Voice System Parking Equipment, Steel Tempered Glass Parking Equipment, 10000pcs Parking Equipment

Product Description**Unique Beautiful Ticket Parking Equipment With Background Lighting Voice System****Discriptions of Smart Parking Ticket System:**

SEWO smart parking system is wholly developed,modified and owned by Shenzhen Sewo Science & Technology Co.,Ltd. This system is a dynamic and intelligent system adapted to most intelligent parking management requirements. Benefits can be brought to parking facility operators,managers, owners and users,etc.

SEWO-T9 rfid parking lot management system is a classical series Parking System for managing pay-to-park facilities with high traffic flow, for both hourly and registered parkers. This system automatically dispenses Ticket to hourly parkers, and registered parkers get access and leave by self-service swiping their cards on Entry Station & Exit Station respectively, or enter and leave without stop if tag on window shield was read by long range reader. It is ideal solution for parking lots of premises such as shopping center, exhibition center, hospitals, airports etc.

Advantage of SEWO X6 Car Parking Management System

International general icon, real-time distinguish system working condition is normal or not.

High brightness LED information display, in strong light can still clearly shows.

The panel material is the toughened glass with new technique, and are impacting-proof, scratching proof, with thorough rainproof design.

Big panel structure, easy installation, maintain, debugging.

Industrial-class electronic component, can stably operate in bad environment.

The panel mouth can be inserted at two sides and water-proof.

With night background lighting system, this system can create unique beautiful shining prompt in night view.

Readable IC card (charge fee off-line),readable ID card(including close and long distance)

Vehicle detecting signal can be read when receiving signal from vehicle or without signal by manual work

Communicate with computer online or offline.

Deputy communication can connect with display, and voice system, and has the ability of turning the barrier off or on, and detecting the statement of the barrier.

The system can control the shining prompt pole, and connect with the card machine or paper machine, and full seat light box. It also can be using in nested parking lot.

It is suitable for common changing system, and handing card (temporary card) at the exit and changing fee at the center management mode.
