

Electronic Turnstile Gates Turnstile Security Systems Barcode Scanner Face Recognition Turnstile

Our Product Introduction

for more products please visit us on turnstilebarriers.com

Basic Information

- Place of Origin: China
- Brand Name: SEWO
- Certification: CE ISO9001
- Model Number: SEWO-QG90-DM
- Minimum Order Quantity: 1 lane
- Price: Negotiable
- Packaging Details: wooden box
- Delivery Time: 5-7 working days
- Payment Terms: T/T, Western Union, MoneyGram, L/C, D/A, D/P
- Supply Ability: 2000 sets per month

Product Specification

- Product Name: Full Height Turnstiles Gate
- Type: Semi-automatic Turnstile Gate
- Dimension: 1500*1400*2200 Mm
- Power Supply: AC 220V
- Communication: TCP/IP
- Warranty: 12 Months
- Passing Speed: 45 People/min
- Working Environment: Indoor/outdoor
- Housing Material: 304# Stainless Steel
- Color: Silver Or Customized
- Application: Airport, Office, hotel, supermarket, hospital Entrance

Electronic Turnstile Gates Turnstile Security Systems Barcode Scanner Face Recognition Turnstile

Discriptions of Full Height Turnstile Gate:

The aircraft head single-core full-height gate is a fully enclosed channel management system that can only allow one person to enter and exit at a time. The full-height gate pedestrian passage gate has a high safety factor, anti-tailgating and anti-backtracking. Xingshun safety high gate has a long service life, stable machine operation, safety and reliability. The full-height gate core has been upgraded for anti-collision and shock absorption, and the control mainboard has been upgraded for multiple functions. The software, equipped with a snapshot system, can record every dribble information for traceability. It can be remotely operated when connected to the Internet. The upgraded full-height barrier features stable performance, reliable quality, favorable price, convenient use and maintenance, and simple installation and debugging. It is your ideal choice as the original manufacturer.
