

SEWO Automated Parking Management System with 3 Million HD LPR Camera Offline Running Support for Over 100 Countries ALPR Parking System

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: SEWO
- Model Number: CP9
- Minimum Order Quantity: 1

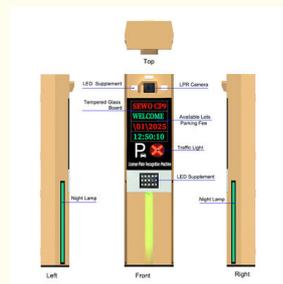

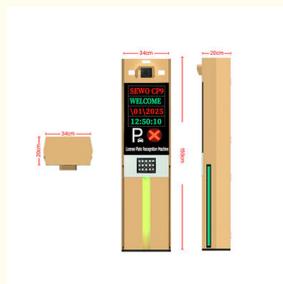

Product Specification

- Housing Size: 1500*380*200 Mm
- LPR Camera: 3 Million HD LPR Camera
- Built-in Algorithm: License Plate Recognition Algorithm
- Display Type: LED Display Screen
- Offline Support: Support Offline Running
- License Plate Types: Over 100 Countries Or Regions
- Load Capacity: LPR License Plate Recognition
- Operation Mode: Parking Equipment
- Function: Vehicle Access Control System
- Communication: Speed Lpr Camera
- Support Lists: Black-list And White-list
- Camera Resolution: 3 Million HD
- System Type: Automated Parking Management
- Usage: Lpr Camera With Software
- Control Method: License Plate

SEWO License Plate Recognition Parking System

Common Project Solutions

SEWO ALPR Parking System (Entrance *1 + Exit *1)

Standard configuration includes: ALPR Parking Equipment, Parking Boom Barrier, Parking Management Software, Parking Payment Machine (Optional)

For temporary visitors: When a vehicle leaves the parking lot, after paying the parking fee, the barrier can be opened for release after confirmation by management staff or through automatic payment machine.

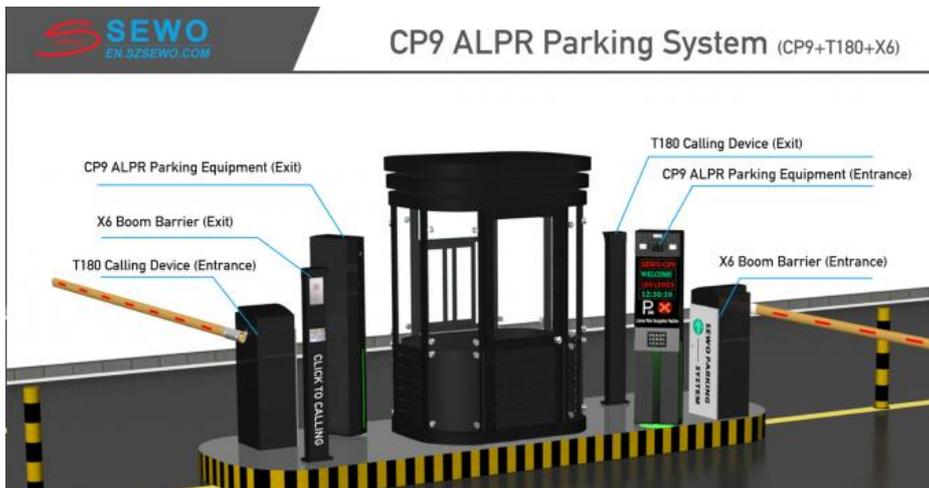

For long-term customers: License plate numbers are registered in the system for automatic recognition during entry and exit, with all information recorded in the management backend.

SEWO ALPR Parking System + Ticket/Card Parking System

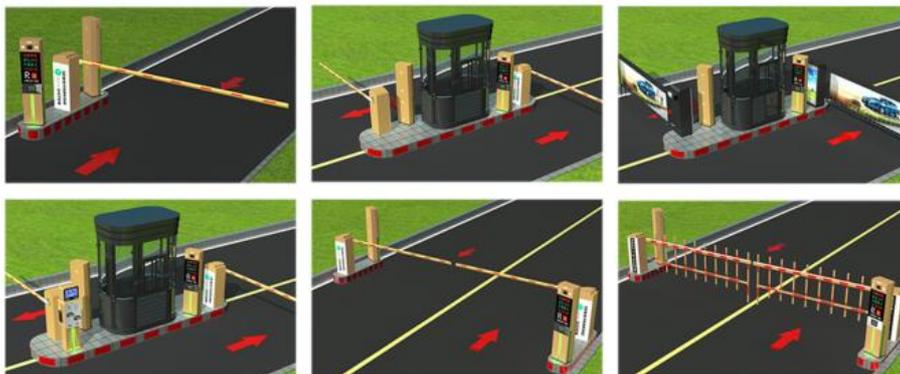

Standard configuration includes: ALPR Parking Equipment, Ticket/Card Parking Equipment, Parking Boom Barrier, Parking Management Software, Real-time monitoring camera (Optional), Parking Payment Machine (Optional)

- For temporary visitors:** Payment processing through management staff or automatic payment machines.
- For long-term customers:** Automatic license plate recognition for registered vehicles.
- For vehicles without license plates:** Ticket or card collection at entrance with payment processing upon exit.

SEWO ALPR Parking System with Remote Management Center

- Features:** Remote one-click call terminals enabling real-time communication with management center.
- Comprehensive support for both temporary visitors and long-term customers with enhanced remote management capabilities.
