

## SEWO 3 Million HD LPR Camera License Plate Recognition System with Offline Running for Over 100 Countries ALPR Parking System

### Our Product Introduction

for more products please visit us on [turnstilebarriers.com](http://turnstilebarriers.com)

#### Basic Information

- Place of Origin: Guangdong, China
- Brand Name: SEWO
- Model Number: CP350
- Minimum Order Quantity: 1
- Price: CN¥3,448.30-5,517.28

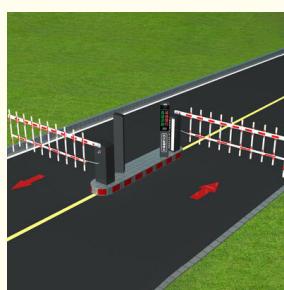

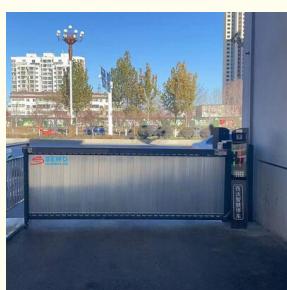

#### Product Specification

- Housing Size: 1380\*180\*200 Mm
- LPR Camera: 3 Million HD
- Built-in Algorithm: License Plate Recognition
- Display Type: LED Screen
- Offline Capability: Supported
- License Plate Support: Over 100 Countries
- Product Number: SEWO-CP350
- List Management: Black-list And White-list
- Operation Mode: Vehicle Access Control
- Communication Type: Speed LPR Camera
- Control Method: License Plate Recognition
- Function: Vehicle Access Control System
- Usage: LPR Camera With Software
- Feature: Support Offline Running
- Load Capacity: LPR Parking System

## Product Description

### SEWO License Plate Recognition Camera System

Advanced automated parking management solution for commercial parking lots with comprehensive license plate recognition technology.

#### Why Choose SEWO

The advertisement features a large banner at the top with the text "22+ Years" and "VEHICLE & PEDESTRIAN ACCESS CONTROL" below it. It also includes the text "Professional Management System Supplier". Below the banner are several certification logos: ISO 9001, CE, IAF, CNAS, and MA. The text "IP66" is also present. A blue banner at the bottom states: "Centered on customer demands, we provide customized services. Ensure that every customer can get a satisfactory solution." The main content area is divided into four columns: "22+ years" (Industry pioneers and profound experience), "Customized service" (Customized and integrated system solutions for multiple scenarios), "National Certification" (National High-tech Certification; CE certificate, Appearance & Utility model patents; Professional Testing reports, etc.), and "Perfect Service System" (From pre-sale to after-sale support, we can provide value-added services such as customized development and system training).

#### Our Featured Services
